

Breaking through the supply chain wall

SUPPLY CHAIN 360

is a two-week, comprehensive review to clarify your supply chain, assess strengths and opportunities and find value-added possibilities

FOR OPERATIONS LEADERS WHO. . .

- Want to **fix their supply chain**, still broken years after COVID
- Are transitioning in **new leadership** who need a **clear assessment** of the current state
- Seek to **understand their risk** and to stop running procurements on handshake agreements
- Move **fast** to find **actionable insights** and keep the business moving forward
- Need **well-defined processes** with less waste
- Target **4–11% savings** on supply chain spend to increase value

WHAT'S INCLUDED?

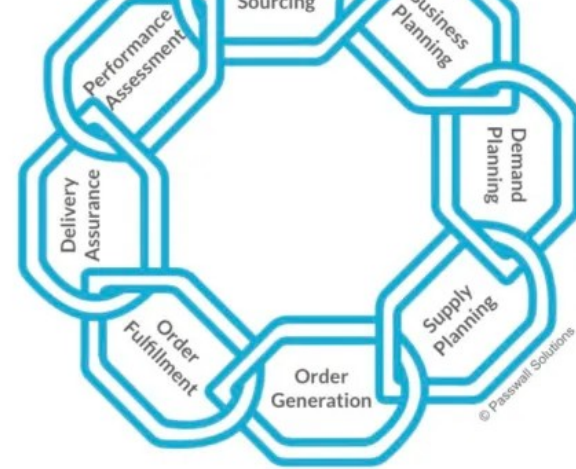

RESEARCH: Key team member interviews create a complete supply chain picture

ANALYSIS: Deep dive to find hidden value and understand annual spend

PERSPECTIVE: Third-party view finds insights invisible to internal team

INVESTMENT

\$2,500-\$5,000

100% GUARANTEE

At least 500% ROI on your Supply Chain 360 investment in opportunities or a full refund

JANICE MARQUARDT
CEO AND CREATOR OF THE SC360

As a leader of utility and manufacturing supply chains from 4-150 people for more than 13 years, I know how to find the weak links in your supply chain.

Broken links mean your supply chain won't perform
